Dream Big
Aim High
Think Smart
Dear Students,

Its privilege to be born in India which is ready to be the Super Power. We at Saptarshi Pariwar strongly believe in Dr. APJ Abdul Kalam’s thought “Small aim is Crime”. India of 21st century provides many opportunities as well as enough challenges to “Ignited minds” like you. It’s time to rise up to the occasion and make the real difference.

11th and 12th is critical phase not only in academic but also in overall development of a person. For last 11 years, Saptarshi is producing merit students who are best in studies and dynamic enough to be successful in globalised world. With more than 400 engineering and medical admission in last 6 years, Saptarshi has become a trusted guidance center for medical and engineering aspirants.

If board examinations are all about representing our knowledge in precise manner, Entrance examinations are about managing and applying that knowledge in limited time resource! Both these examinations are technique driven, and techniques can be mastered with proper planning and dedication. If you dare to Dream Big and Aim for High goals, then Saptarshi is here to make you Think Smart!
Fusion Batch
(XI+XII+JEE Mains+JEE Advance+NEET)

Fusion Batch is a unique concept pioneered by Saptarshi in 2005. Fusion Batches are for those aspirants who dream about the “express careers” in professional courses like Medicine, Engineering, Biotechnology after 12th.

In fusion batches, 2 years of 11th and 12th are planned in a way to ensure complete preparation of board exams and entrance exams. Concept building approach ensures proper understanding of subjects and students starts enjoying study.

In fusion batches entrance exam preparation (JEE / NEET) starts from 11th std. Regular test culture ensures proper feedback mechanism for students to fine tune their preparation. Outstanding success ratio of Fusion batches is result of meticulous planning and scientific feedback mechanism. Around 1000 Students have been benefited from fusion batches in last 7 years. The complete schedule for fusion batches is as below.

In today’s competitive world, only good academics is not enough to solve the equation of success. Positive Attitude, Team Work, Decision Making, Confidence, Communication, Leadership are the key variables which separate the Best from the Rest. A person can indulge all these qualities only with Proper Exposure. Foundation Day is the unique concept which explores all the hidden talents of the students through different cultural activities like Anchoring, Script writing, Drama, Dance, Music, Backstage management and many more. Every year Saptarshi selects the best outgoing student considering academic as well as non-academic qualities and honors him/her with the prestigious award ‘Gem of Saptarshi’. There are many other awards in distinguished categories. These awards creates competitive and electrifying atmosphere amongst all the students right from 9th Std. Picnic, Teachers Day celebrations are the occasions which binds all the students and teacher together to form the family ‘Saptarshi Parivar’.

As a young citizen of India,
armed with technology,
Knowledge and love for my nation,
I realize, small aim is a crime.

I will work and sweat for a great vision,
the vision of transforming India into a developed nation,
powered by economic strength with value system.

I am one of the citizens of the billion; Only the vision will ignite the billion souls,
It has entered into me; The ignited soul compared to any resource is the
most powerful resource on the earth, above the earth and under the earth.

I will keep the lamp of knowledge burning to achieve the vision - Developed India
If we work and sweat for the great vision with ignited minds,
the transformation leading to the birth of vibrant developed India will happen.

I pray the Almighty : “May the divine peace with beauty enter into our people;
Happiness and good health blossom in our bodies, minds and souls”

Dr. A. P. J. Abdul Kalam
