Director's Message

Dear students,

To be born in India, a country which is at the cusp of becoming a superpower is indeed a Privilege. Indian scientists, academicians, entrepreneurs and corporations are now aspiring to make their mark at a global level. Hence, our belief in the Saptarshi Parivar – small aim is a crime! So rise to the occasion and make a difference. The global citizen of tomorrow is going to be sculpted on the basis of

quality education. In India, this is imparted by reputed institutions and academic performance in the higher secondary years (11th and 12thstd) decides the choice of institutions a student can exercise. Since the last 22 years, Saptarshi has been consistently nurturing students who excel not just in academics, but also possess the necessary dynamism to be successful in the globalized world. With more than 5000 engineering and medical admissions in the last 22 years,

Saptarshi has become trusted guidance center for Entrance exam preparation. Conceptual understanding, problem solving skills and managing time pressure is key for entrance exam success. Techniques of solving application oriented questions need to be mastered. We at Saptarshi strive to inculcate the discipline and the dedication in the student so that he/she becomes proficient in these techniques and excels in these examinations. If you are ready to dream big, we are here to make you think smart!

Last two years in Saptarshi were really memorable and life changing, not only because I have achieved my goal but also it changed my attitude towards study. My attitude changed from 'I can't' to 'I can' and I think that's really important in every student's life. I wish I could do my engineering education too in Saptarshi. Will love to remain Saptarshian for life. I am thankful to all teachers of Saptarshi.

- JEE Advanced is conducted for Admissions in all the IITs .
- Exam is conducted every year by one of the seven Indian Institutes of Technology (IITs) under the aegis of the Joint Admission Board (JAB).
- To appear for JEE Advanced candidate should be in top 2,50,000 candidates clearing JEE Main Paper 1 ,and should score 75% or must be in top 20 percentile of respective Std. XII (12th Class) board.

JEE (Advanced) Paper Pattern

- The exam is held in online mode only. It has two compulsory papers, each of 3 hours duration .
- Each question paper will consist of three separate sections, viz., Physics, Chemistry, and Mathematics each having equal weightage for PCM.
- The question papers will consist different types of questions like single correct answer MCQ, More than one correct answers MCQ, Integer type, Matrix match type, Comprehension type.
- Aim of questions is to test academic, comprehensive, reasoning and analytical ability of candidates.

I am Kiran Vijay Deshmukh, joined the Saptarshi class when I was studying in 11th standard. From the day one we found the class atmosphere was very professional. The environment was very studious. Faculties who taught us were highly qualified in their respective subjects. All the faculties were interacting with students personally, and the way the faculties taught their subjects made learning so interesting and the way of explaining everything was very outstanding. I wanted to thank you for being such an amazing teachers in the class. Throughout the two years all the faculty members were very supportive and cooperative and they motivated us in every session. Amit Sir was our Physics teacher. I did not miss a single lecture delivered by him from day one till the end. Teaching skills are exceptional. I haven't seen the teacher like him throughout the tenure from standard 1st to standard 12th in my life.

I'm really overwhelmed to share my experience with Saptarshi class. Since it was my first experience to join a coaching class I was quite nervous. But the teachers in Saptarshi made me feel better. It was a very good experience learning at Saptarshi. The teachers here are very co-operative and are always ready to help the students all the time. I'll say, that the unique and different way of teaching hard subjects is the specialty of Saptarshi Classes. The classroom lectures, video lectures, DPP, doubt solving sessions and the mock tests have definitely helped me a lot. I would especially thank Amit sir, Shilpa mam and all the teaching and non teaching staff for their valuable guidance and training throughout the two years. I'm always and will be proud to be a Saptarshian.

Cultural Activities...

In today's competitive world, only good academics is not enough to solve the equation of success. Positive Attitude, Team Work, Decision Making, Confidence, Communication, Leadership are the key variables which separate the Best from the Rest. A person can indulge all these qualities only with Proper Exposure. Foundation Day is the unique concept which explores all the hidden talents of the students through different cultural activities like Anchoring, Script writing, Drama, Dance, Music, Backstage management and many more. Every year Saptarshi selects the best outgoing student considering academic as well as non-academic qualities and honors him/her with the prestigious award 'Gem of Saptarshi'. There are many other awards in distinguished categories. These awards creates competitive and electrifying atmosphere amongst all the students. Picnic, Teachers Day celebrations are the occasions which binds all the students and teacher together to form the family 'Saptarshi Parivar'.

Song of Youth

As a young citizen of India,
armed with technology,
Knowledge and love for my nation,
I realize, small aim is a crime.

I will work and sweat for a great vision,
the vision of transforming India into a developed nation,
powered by economic strength with value system.

I am one of the citizens of the billion; Only the vision will ignite the billion souls,
It has entered into me; The ignited soul compared to any resource is the
most powerful resource on the earth, above the earth and under the earth.

I will keep the lamp of knowledge burning to achieve the vision - Developed India
If we work and sweat for the great vision with ignited minds,
the transformation leading to the birth of vibrant developed India will happen.

I pray the Almighty : "May the divine peace with beauty enter into our people;
Happiness and good health blossom in our bodies, minds and souls"
